

Kindly go to Daraz app and click '**my account**'. As shown in the picture below, you will see an option of updating the payment details. Click there and just add the information needed.

If you want to add bKash account number instead of a bank account number, give your bKash number in the bank account number field. If you choose bKash as payment method, write 'N/A' in all the bank related fields and '00000000' in IBAN field.
